EDUCATION

2024 - 2028

Vidyalankar Institute
of Technology (VIT),
Mumbai Bachelor of
Technology –
Computer Engineering
CGPA: 9.9

SKILLS

- C
- JAVA
- Python
- Django
- HTML, CSS
- Quick learner
- Self-motivated
- Problem-oriented

LANGUAGES

- English (Fluent)
- Marathi (Fluent)
- Hindi (Fluent)

PROFILE

Computer Engineering graduate with a strong interest in technology and problem-solving. Skilled in Java, Python, and data structures, with hands-on experience through projects and internship work. Looking for opportunities to apply my skills in real-world environments and grow as a versatile professional. Experienced in working collaboratively within teams and taking initiative in guiding tasks when required. Looking to apply my skills in a real-world environment and grow as a professional.

PROJECT AND ACADEMIC WORK

Project: Plant Care Management System 2025

- Developed a DBMS-based Plant Care System that stores plant details and provides reminders for watering schedules and required water quantity.
- Designed a website integrated with an SQL database for managing plant information.

Internship: Software Development : Intern (Wipro)

- Gained hands-on experience in basic software development and assisted in implementing application features under guidance.
- Learned to understand project requirements, debug code, and work in a collaborative team environment.

Project: To-Do List Web Application (Django)

- Developed a To-Do List web application using Django that allows users to add, delete, and mark tasks as completed.
- The application helps users manage tasks efficiently and improves overall time management.

ACHIEVEMENTS

- NPTEL Java certification; basic MATLAB exposure
- Experience with AutoCAD, Canva, PowerPoint
- Active college sports participant (football, cricket)
- Successfully completed practical Django development by building a task management web application
- Python Hacker-rank 4 Star
